MUHAMMAD HAASHID

AI Engineer | Software Developer | Product Engineer

Mangaluru, Karnataka, India | +91 63608 50145 | haashid.0607@gmail.com | linkedin.com/in/muhammad-haashid | github.com/haashid

PROFESSIONAL SUMMARY

Final-year Computer Science engineer (GPA: 8.2) who ships production software, worked with multiple startups along with title of 8x national hackathon winner, Google Student Ambassador, and IEEE SMC chapter chair. Founding President of ICSB Club who has led 300+ students, with a track record of learning new stacks fast and delivering under pressure.

EXPERIENCE

AI Developer Intern — *Datavex AI Pvt Ltd* Mar 2026 – Aug 2026

- Contributed to building a production-grade multi-agent hiring system with specialized multimodal agents for resume analysis, question generation, live interview understanding, and hiring insights, coordinated through an orchestrator to automate the end-to-end recruitment workflow.
- Designed and integrated agent workflows combining text, voice, and contextual signals, implementing structured prompting, inter-agent communication, real-time processing, and fault handling to move the system from prototypes to reliable production-ready deployment.

Research & Development Intern — *TheROAC (Remote)* Dec 2025 – Jan 2026

- Conducted startup research and evaluated emerging educational technologies for a student-focused upskilling platform, analyzing market fit for student engagement.
- Developed proof-of-concept systems and documented insights to inform platform development strategy.

Web Developer Intern — *Solukraft Co.* Jun 2024 – Dec 2024

- Improved website performance by ~20% through code optimization and bug resolution across dynamic websites.
- Coordinated internship programs and managed intern-mentor communication for the development team.

LEADERSHIP & COMMUNITY

Chairperson — *IEEE Systems, Man & Cybernetics Society (SMC) Student Chapter* Feb 2026 – Dec 2026

- Established a new IEEE SMC chapter in P. A. College Of Engineering

Founding President — *ICSB Club (Blockchain, IoT & Cybersecurity)* 2024 – 2025

- Founded and led a student innovation club; organized workshops, expert sessions, and hackathons engaging 300+ students.

SELECTED PROJECTS

TrueHire — Multi-Agent Interview Intelligence System | *Grand Champion* **GITHUB**

- Built a multi-agent AI system automating end-to-end interview workflows, winning Grand Champion honors at a national hackathon

NeuroMesh — Decentralized AI Crisis Intelligence Network | *National Runner-Up, HackToFuture 4.0* **GITHUB**

- Built an AI-powered offline mesh sensor network for disaster zones and low-connectivity areas; also got selected among 45 of 143 teams statewide for the K-GIS 2.0 State Exhibition, Govt. of Karnataka

Blockchain Exam Paper Protection System | *1st Place, NIRMAN Innovation Challenge* **GITHUB**

- Built a smart-contract based access-control system with IPFS storage and cryptographic verification for tamper-proof exam paper.

Other Projects: (BioFlow, Decentralized Voting System, RFID Attendance System, Decentralized Photo Storage Platform, SehatSetu, Raksha AI/FuzzLedger, EchoVerse) **GITHUB**

ACHIEVEMENTS & RECOGNITION

- 8x National Hackathon Winner — incl. Overall Champion, Innov8trix
- 2nd Runner-Up — East India Blockchain Summit 2.0, IIT Kharagpur
- 1st Place — IT Manager Competition (2026)
- Selected, Google Student Ambassador (2026)
- Featured in Vartha Bharati newspaper for conducting technical workshops **(NEWS)**

TECHNICAL SKILLS

Programming: JavaScript, Python ,Java, C/C++,Node.js,React.js
Web & Backend: Frontend & Backend Development, HTML5, CSS, REST API Development, PHP, Node.js, React, MySQL, PostgreSQL
DevOps & Tools: Git/GitHub, Docker, Nginx, JWT, Postman, AI Coding Tools, AI-Assisted Development
AI & Emerging Technologies: LLMs, AI Assistant Development, Rapid Prototyping, Market Research, Technical Documentation
Blockchain/Web3: Solidity, Ethereum, Smart Contracts, IPFS, DApps
Soft Skills: Leadership, Community Building, Event Management, Public Speaking, Technical Writing.

EDUCATION

B.E., Computer Science (IoT, Cybersecurity & Blockchain), P.A. College of Engineering, Mangaluru — CGPA:8.2 2023 – 2027
